7-NIGHT PROGRAMME STRUCTURE

EXPECTED RESULTS

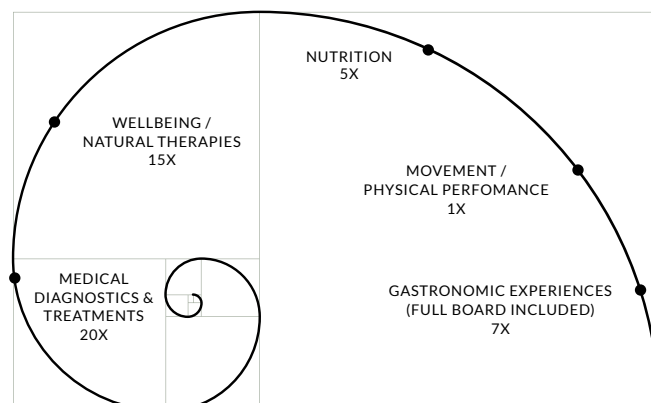

Progressive reinforcement of immune function, reduced inflammation and improved adaptability to physical and environmental stress. The programme supports cellular function, oxygenation and more efficient energy recovery.

WHO IS IT FOR?

Individuals with weakened immunity, recurrent fatigue or delayed recovery following illness, frequent travel or periods of increased demand. Particularly recommended as preventive support ahead of seasonal changes or phases of higher physical or mental load.

REASONS TO CHOOSE IT

A comprehensive clinical approach combining advanced immunological diagnostics, intravenous therapy and ozone therapy with structured nutrition and regenerative rest. It supports cellular defence mechanisms, contributing to a more robust and sustainable immune foundation.

IMPORTANT INFORMATION

- All programmes are personalised and adapted to each guest's physical condition, clinical needs and individual objectives.
- All programmes include full board based on their nutritional approach and aligned with the therapeutic process.
- Unlimited access to Spa, Fitness and Wellness areas is included throughout the stay.
- Prior to commencing the experience, each guest needs to undergo the ZEM Wellness Medical Assessment, which confirms programme suitability and allows for the precise adjustment of every intervention.
- Activities listed under Group Experiences are scheduled upon the guest's arrival.
